

You want to go green?

The **brown backing for labels** is THE most ecological choice to make.

- 1- It is bleach and chlorine free.
- 2- It offers the same performance as the white backing.

1000 tons of **brown backing for labels** will allow you to:

- 1- save 6089 trees.
- 2- save the energy required to power 139 houses/year.
- 3- decrease the production of wastewater (15 pools/year).
- 4- decrease the CO₂ production (1969 cars/year).
