

SH-402TR Premium Label Dispenser

Ideal for smaller, miniature die-cut, and butt-cut labels

Designed for assembly, electronic, manufacturing, and anywhere small labels are used, our Tach-It model SH-402TR is designed specifically for miniature die-cut and butt-cut labels of any shape. Usable in either a vertical or horizontal position, the SH-402TR utilizes state-of-the-art electronics and an optical reader which allow it to work on either transparent or opaque labels. Automatic label web re-winder eliminates mess and hazards in the work place, high speed motor, extra sharp large steel separator plate, large roll capacity, durable construction and no need for tools for label changeover's are all advantages of this machine.
